

*Quality numbering is guaranteed by Morgana's rotary action - particularly when crash numbering carbonless sets*

## Morgana FSN Rotary Numberer

**Made in the UK by Morgana**

Photograph shows stacking tray in storage position

The FSN is a heavy duty, high volume, suction feed numberer featuring electronic pulsing and feeding from the bottom of the stack so that loading can be done 'on the run.' Positive control of paper from feed to delivery ensures consistent register throughout the run. The FSN takes up to 8 parallel or convex numbering heads.

- *460 x 460mm sheet size*
- *High power vacuum and air pump*
- *Up to 9,000 sheets/sets per hour*
- *Takes 7-part carbonless sets*
- *Numbering, perforating, scoring anywhere on the sheet*
- *Fully mobile*
- *Optional jogger available (page 29)*
